

*ARE YOU BUILDING THE  
PERFECT NEST FOR  
NASTY HOME INVADERS?*

*DON'T GET STUNG!*

*CAP THE GAP*® *with*

**ventrim**

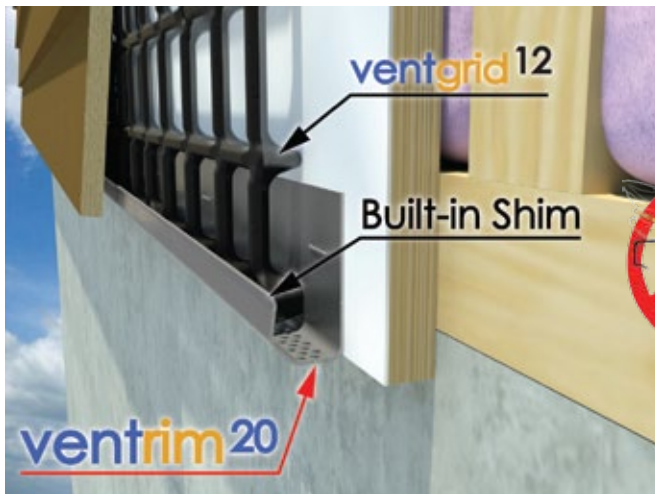

**VENTRIM<sup>20</sup>**

## Introducing **ventrim<sup>20</sup>**:

The gap created behind cladding in a rainscreen wall assembly produces a great nesting place for pests such as flying insects, bats, reptiles, spiders, etc. **Cap the gap with ventrim<sup>20</sup>** to keep nasty home invaders out.

### The **ventrim<sup>20</sup>** Advantages:

- ✓ Self-sealing design keeps pests out.
- ✓ Fast and simple installation.
- ✓ Made from durable long lasting PVC plastic
- ✓ Will not decay, deteriorate, or promote mould growth.
- ✓ Provides superior ventilation and drainage of wall cavity.
